

Special PFPC Porous Structures and Materials Mini-Symposium

Thursday 5th June
Chemical & Biomolecular Engineering Lecture Theatre
Building 165, University of Melbourne
Parkville Campus
1.15pm-5pm

- 1.15-1.45 **Dr Ross de Kretser**
Filtration Optimisation in the Minerals Industry
- 1.45-2.15 **Dr Meifang Zhou**
Porous Inorganic Materials
- 2.15-2.45 **Kathryn Mumford**
Permeable Reactive Barriers for Contaminated Site Remediation
- 2.45-3.15 **Assoc Prof Sandra Kentish**
Membranes for Salt Separation – Dairy and Water Applications
- 3.15-3.30 Afternoon Tea
- 3.30-4.00 **Dr Colin Scholes**
TBA
- 4.00-4.30 **Dr Anandan Sambandam**
Visiting from Dept Chemistry, National Institute of Technology (NIT), India
Nanomaterials for Solar Energy Conversion Applications
- 4.30-5.00 **Professor Peter Scales**
Membrane Separation Processes for Biotic Materials

Drinks and light refreshments served from 5pm onwards
